CLAYMORE JUGGLER -- Many good cattlemen have said that this is the best bull ever sired by the International Grand Champion Killearn Max Juggler. His dam, Countess Selma 7th, produced more herd bulls for Claymore Farms than any cow they ever owned. He is as sure a breeder as you will find and there is no reason to believe but what he will work well for several years, as he has never been abused; has been used only on about 15 cows a year since we bought him in 1951. We are down to the place now where we are breeding granddaughters to him. We will guarantee anyone that they will never own a bull with a better disposition.

MARELLBAR FABIUS -- We purchased this outstanding young bull in Denver, where he was the 3rd prize Sr. calf, expressly for the purpose of mating a group of yearling daughters of Uppermill Wordsworth to him. He is proven a very active and sure breeder which now makes it possible for us to offer him as one of the main attractions in this sale. We have used him on some of the very best heifers that we own. A year from now this could prove to be the biggest mistake we have ever made, but Merv Aegerter talked us into putting him in the sale so we can blame it onto him.
